

Videk Custom Made Cabling

With over 30 years experience Videk can offer a bespoke cable manufacturing service that we consider to be unrivalled in the market place. The range that we can offer covers most areas of computer cabling for use in both home and the office environment.

We have below a number a number of the most common areas for which we have made custom cabling.

- Copper Network Patch Cables
- Fibre Network Patch Cables
- Pre-Terminated Fibre Int/Ext Cables
- Data & Voice Cables
- Computer Monitor, Serial & PC Interface Cables
- Broadband & ADSL Cables
- AV, Multimedia & Home Cinema Cables

Custom Lengths

Traditionally one of the most common areas covered by custom cables, lengths can be made to cover your requirements.

Custom Colours

Where possible we can endeavour to make assemblies that in bespoke colours. In flood wired network this may well assist in copper and fibre patch cabling to help cable traceability at a glance.

Labelling

The standard self adhesive label wrapped round the cable is 3.8cm x 2.5cm with a print area of 1.2cm x 2.5cm. We have traditionally been able to fit a maximum of 10 characters over 2 lines on this label.

Lead Time

For cables available from stock then the lead time is approximately **5** working days from placement of order.

Feel free to contact our Sales Department on 020 8200 1122 or sales@videk.co.uk for any other enquiries that you may have on this service.
